ABOUT THE ISD2014 CONFERENCE

The 23rd International Conference on Information Systems Development (ISD2014) will be hosted by the **University of Zagreb**, **Faculty of Organization and Informatics, Varaždin**, **Croatia**.

The ISD2014 Conference provides a forum for research and developments in the field of information systems development.

The theme of the ISD2014 conference is **Transforming Organisations and Society through Information Systems**. The conference focuses on mutual influences between information systems and organizational structures, processes and people and promotes research of methodological issues and ways in which the IS designers and developers are transforming organizations and society through information systems.

Find more information at isd2014.foi.hr.

ISD2014 CONFERENCE TRACKS

The ISD2014 conference emphasizes a number of new and well established tracks:

T1-Soc: IS for Reshaping Information Society and Organizations

T2-Edu: ISD for Education / Education for ISD

T3-Com: ISD for Ubiquitous Computing

T4-Web: Web-based Systems Development

T5-Mob: Mobile Systems and Applications Development

T6-MDD: Model-Driven Development and Concepts

T7-ECM: ISD in Enterprise Content Management

T8-Gen: General Concepts Related to ISD Methodologies, Project Management and Other Topics

Find out more about the tracks description, topics and track chairs at the Conference Tracks web page.

SUBMISSION OF PAPERS

The maximum length for all submissions to the conference should not exceed eight A4 pages in PDF format, including references and appendices. For details on paper formatting see the Submission Details web page. All submissions must be in the appropriate format and use the ISD2014 template. Compliant submissions will undergo a double-blind peer-review process.

The papers must be submitted via EasyChair management system.

PUBLICATION OF PAPERS

Conference papers (max 8 pages) will be published in the ISD2014 e-Proceedings with ISBN which will be distributed at the conference and appear in the Association for Information Systems (AIS) eLibrary.

Extended version of the conference papers (max 12 pages) for which the registration fee is paid and are presented at the conference will be sent to review for publishing in the "Journal of Information and Organizational Sciences" (JIOS) and other journals indexed by SCOPUS, EBSCO and other databases.
